Jakarta, Indonesia

I am a fresh graduate in Computer Science from Institut Teknologi Del. During my tenure, I have been involved in projects focusing on migration and deployment of services in Enterprise Application Integration. I am passionate about learning new technologies and constantly strive to improve my abilities in Backend Development.

Work Experiences

PT Infosys Solusi Terpadu - Jakarta, Indonesia <i>Integration Engineer Junior</i> <ul style="list-style-type: none">Managing the migration of services from the existing EAI to the new EAIManaging the deployment of services from the Development server to the QA server and from QA to the Production serverPublishing and maintaining Centrasite for API SpecificationsPerforming repointing for the migrated API	Jun 2023 - Present
SYNRGY ACADEMY X BCA - Jakarta, Indonesia <i>Java Backend Engineer</i> <ul style="list-style-type: none">Utilized Spring Boot to create ERD and CRUD procedures on the databaseImplemented Spring Web to develop Restful APIsImplemented security measures to establish authorization and authenticationIntegrated Spring Kafka and Spring Gateway in applications following Microservices architectureLeveraged third-party tools commonly used by Java Back End Engineers	Aug 2023 - Mar 2024
